Hi, Tracy – I think I'm supposed to connect with staff on this next Tuesday, so why don't we try to connect after that re timing on a meeting. Have a great weekend.

Joel

Thanks for getting back to me Joel!

We expect some movement on this matter in the beginning of the new year... might you have time to chat during the week of December 14th?

Many thanks!

Tracy

Hi Tracy - Thanks. Good to hear from you. I'd like to have a chance to confer with staff and get up to speed before connecting. Things are a bit hectic now (this is day 2 in the new job), so perhaps we can circle back on this in December or January? I hope all's well with you and look forward to reconnecting.

Joel

Joel,

Congratulations on your new post at EPA! I loved working with Ken and am relieved to know that another fantastic House alum is taking over the helm of the water office.

A team from VNF has been working with Ken on behalf of the Hubday Company that is developing a mine in Arizona. Our work to date has been positive with the Forest Service. Unfortunately we have been shut out of the EPA Region 9 offices and are hoping to chat with you about potential constructive ways to work together.

Might you have some time next week for a brief visit with us?

Thanks!

Tracy
